COMPANY OVERVIEW

LYOMAR LLC is a Florida-based small business providing integrated operational support to government agencies, prime contractors, and commercial organizations. We help clients address workforce gaps, administrative burdens, logistics challenges, process inefficiencies, and facility-support requirements through disciplined planning, accountable execution, and responsive partnership. Our goal is simple: create practical value, strengthen operations, and leave every organization better positioned to accomplish its mission.

CORE CAPABILITIES

Operations & Management

- Operational assessments and process improvement
- Program and project support
- Management and organizational support
- Performance tracking and reporting

Workforce & Administrative Support

- Temporary and professional staffing
- Workforce augmentation and recruiting support
- Executive, office, and program administration
- Records, document, and data-management support

Logistics & Transportation

- Logistics planning and coordination
- Freight and transportation support
- Distribution and supply coordination
- Operational readiness support

Facilities Support

- Custodial and janitorial services
- Grounds and building-support coordination
- Facility operations support
- Scalable subcontractor and partner management

WHY LYOMAR

INTEGRATED SUPPORT

One partner across operations, workforce, administration, logistics, transportation, and facilities support.

FOUNDER-LED EXECUTION

Leadership grounded in high-accountability operational planning, financial management, coordination, and disciplined follow-through.

STRUCTURED DELIVERY

Clear expectations, transparent communication, performance tracking, and continuous improvement.

AGILE TEAMING MODEL

Flexible use of qualified employees, subcontractors, and local partners to scale around each requirement.

CLIENT-FIRST STEWARDSHIP

We protect client resources, reputation, and mission priorities as carefully as our own.
